

Robin Guerrero

School Counselor | Frontend Developer | EdTech Specialist

Broken Arrow, OK · (407) 808-2119 · robincguerrero@gmail.com · Portfolio: <https://robinchristina.github.io/Portfolio/>

PROFESSIONAL SUMMARY

School counselor turned front-end developer with 5+ years serving 600+ students across PK-12 and a background in SEL program implementation, crisis intervention, and data-driven student support. Now building modern web applications in React and Shopify/Liquid while drawing on deep firsthand knowledge of how students, educators, and families actually use educational tools. Uniquely positioned to contribute to EdTech teams as a developer, curriculum specialist, customer success partner, or UX-informed builder.

EXPERIENCE

Junior Web Developer

Remedy Web · Remote · April 2026 – Present

- Build and customize Shopify storefronts using Liquid templating, Dawn theme architecture, and custom sections for client-facing e-commerce applications
- Develop frontend components in HTML, CSS, JavaScript, and React with a focus on accessible, user-centered UI behavior
- Participate in client discovery and scoping calls, translating business requirements into technical specifications and actionable task lists
- Lead QA and cross-browser testing across active client projects; contribute to visual direction and design decisions for web deliverables
- Maintain and iterate on personal portfolio projects using modern frontend tooling (Git, GitHub, VS Code)

School Counselor

iPreparatory Academy · Miami, FL · August 2016 – June 2021

- Provided comprehensive counseling services to 600+ students across PK-12, including individual sessions, small groups, and classroom guidance on topics such as grief, impulse control, self-esteem, and resilience
- Implemented SEL curriculum for grades K-5, using data to identify at-risk students and track program effectiveness
- Delivered virtual counseling via Zoom and Microsoft Teams during the COVID-19 pandemic, maintaining full caseload and program continuity in a remote environment
- Applied bibliotherapy, play therapy, and evidence-based techniques; supported IEP/504 compliance, crisis intervention, career development, and conflict resolution
- Designed a custom data collection system to track individual session outcomes and inform classroom guidance planning — earning Rookie Teacher of the Year (2020)
- Leveraged Google Classroom, Canvas, Nearpod, and ClassDojo to deliver lessons and maintain student engagement in hybrid and virtual settings

Independent Educator & Curriculum Developer

Home-Based · Broken Arrow, OK · 2021 – Present

- Planned and delivered Waldorf-inspired and multi-disciplinary curriculum for four children across multiple grade levels over four years
- Developed individualized learning plans integrating arts, literature, movement, and academic subjects — reflecting CASEL-aligned whole-child educational principles
- Gained firsthand insight into the needs of home educators and families navigating alternative learning pathways, directly informing user empathy for EdTech product work

Administrative Aide

ASRC Federal · Remote · January 2009 – June 2010

- Supported shareholder outreach programs, designed and authored newsletters, managed data entry, and assisted the training coordinator for contractors at Kennedy Space Center
